

(3)

Dear Mr. Albertson,

My name is Laura Bush and I am an inmate at RHRJ. I have been here for 7 months on not pay back child support. I need to tell you something that pertains to Donna Hockman's case about two other inmates name Mellisa Laker and April Smith. Both of them was moved out of 203 and Mellisa was put in my cell and April was put into 2N1.

While Mellisa was in cell she was telling how she lied about some of the things she told on Ms. Hockman. Mellisa also talked through the toilet to a guy name Shawn Cross and was bragging how she went to the Commonwealth Attorney about Donna's case. She told him she had to do what ever so she could be home next year this time. Mellisa said she lied about things on Donna.

I asked Mellisa why they moved here and she said because she went to the Commonwealth against Donna Hockman. Then she went into detail why Donna killed the guy. [REDACTED]

I went to seg Sept. 19, 08 for fighting with another inmate and April Smith was there. We started talking about her case and she asked me did I know that Mellisa wrote everything down about [REDACTED]

and told her to memorize because when she goes to the Commonwealth Attorney and testify against Donna they would give her a sentence reduction or they would drop her charges.

I feel that they both are both wrong and that their lies needs to stop.

As I said I am in here for 12 months for child support and I don't want nothing from noone. I just don't want to see an insant mother go to prison over a bunch of lying female that dont want to do their time for their crimes. I am a firm believer if you commit a crime you should do your time regardless how long its for.

I am willing to get up in front of the courts and tell what Ms. Loker and Ms. Smith has told me. So please feel free to talk to me.

I have been fighting with my heart about what my Gut have told to do the right thing and I feel writing you this is the right thing.

Sincerely
Laura Bush
