Dear Donna,

You probably dont know me but i was in Harrisonburg Jail around the time of your trial... Im sorry for what you have been through as myself i was doing time for an assault against a guy that beat me 7 years prior to that... * Anyways * I wanted you to know that it may not be much help but i know that those girls lied on you, I over heard alot that went on and it wasnt fair... For them to be doing that to you..
